

## Bush Volcano

Anigozanthos

Anigozanthos Bush Gems are a spectacular, versatile range of water-saving, easy care plants. These varieties offer spectacular colour, profuse flowering and a range of heights and exceptional quality. As a potted feature plant or en-masse in the garden, Bush Gems add interest to all garden styles.

Bush Volcano produces a 'fiery' colour blend of dark orange, red, yellow and old gold flowers that vary with sunlight intensity.

This unique range has so much to offer gardeners - long lasting bursts of colour on low maintenance plants that will attract birds to the garden.

- Notes from the Ramm Botanicals R&D Team:**
- Superior quality
  - Drought hardy once established
  - Low maintenance
  - Spectacular colour range
  - Long flowering
  - Suitable for sunny balconies, garden sites or outdoor living areas
  - Have a 2 week vase life as a cut flower
