

# Baby Breeze™

*Dianella caerulea* 'DCNC3' PBR (b) Intended

STRAPPY LEAF

Low-spreading *Dianella* with blue flowers, berries, and dense, dark green strappy leaves.

- Cleanest dark green foliage among low-spreading Australian native *Dianella*s
- Highly ornamental ground cover that protects against erosion and weed invasion
- Resilient and cost-effective with quick rejuvenation and repair capabilities

<b>Description</b>	Low-spreading <i>Dianella</i> with dark green foliage.
<b>Density</b>	6-10 plants per m <sup>2</sup> for quick establishment and density
<b>Height &amp; Width</b>	300-400 mm high x 600-1000 mm wide
<b>Best Planting Time</b>	Spring or early summer for optimal establishment and growth.
<b>Uses</b>	Ideal for erosion control, soil stabilisation borders roadsides, low line-of-sight areas, green roofs, rockeries, fire-retardant landscapes, raised and planter box ground covers, and adjacent to fences and driveways. It can withstand being driven over occasionally, perfect for roadsides.
<b>Position</b>	Full sun to moderate shade
<b>Soil Type</b>	Tolerates heavy, damp, and sandy soils; resilient in a variety of challenging conditions.
<b>Care</b>	Requires occasional mowing or pruning to 30cm to 50cm from the ground; fertilise at establishment and occasionally for improved appearance
<b>Where it Works</b>	Performs well in QLD, NSW, VIC, TAS, SA, and WA.
