

# Savanna Blue™

*Lomandra filiformis* 'LMF500' (L)

EMPORIUM  
RANGE OF PLANTS

**This small Lomandra has superb blue contrasting foliage and a nice texture.**

- Savanna Blue™ Lomandra is a winner with its low height, excellent drought tolerance and the fact that it rarely, if ever, needs trimming.
- It is ideal as a border or ground cover for smaller, modern gardens.
- It has performed better than blue foliage *Lomandra confertifolia* types (particularly in the recent wet).
